

# A Hardworking FORCE

With over 40 years of experience helping to power America, LINK Staffing remains a resilient leader in matching talented workers with companies that keep communities running.

Kathryn Mujezinovic  
Vice President, LINK Staffing

**LINK Staffing** is known for offering enhanced employee benefits, payroll flexibility, and career development for the talented, dependable employees it works with nationwide. The company's highly trained team of staffing experts takes the guesswork out of job matching and helps businesses find not just any employee, but the right one.

**“W**e are a company that was built on—and thrives on—our values,” says Kathryn Mujezinovic, vice president of LINK Staffing, the premier, Houston-based provider of light industrial, professional, and administrative talent. “LINK Staffing is a family-owned business skilled at helping the people and businesses of Houston find each other. With the company’s unwavering emphasis on dignity and integrity, LINK Staffing has been incredibly successful at making a positive impact on our community and beyond.” Today, she adds, the company has five Houston locations and 44 offices throughout the United States. In 2019 alone, LINK Staffing helped put more than 17,000 Americans to work in fields as diverse as construction, manufacturing, administration, retail, distribution, and logistics on contract, project, and direct-hire bases.

LINK Staffing’s continuing success comes down to a single, critically important ability: uniting great businesses with the talented workers they need. In many ways, it is a complex form of matchmaking. “Our ability to hire qualified people is our No. 1 differentiator,” says Mujezinovic, who joined the company in 2006. “We are always looking for people with specific skill sets who can pass a rigorous screening process and companies with a proven track record for safety, ethics, and a positive workplace culture.”

## CRISIS MANAGEMENT

Houston is no stranger to calamity, facing everything from natural disasters to oil and gas accidents. Then came 2020. As the COVID-19 pandemic swiftly altered nearly every aspect of life in this country, LINK Staffing easily embraced its key role in stabilizing the economy. “With LINK Staffing’s strong foothold in the light industrial niche, we have seen a lot of opportunities come our way in 2020,” says Mujezinovic. “Since we have always counted essential businesses as a major part of our model, we were able to use our vital relationships with these companies to find work for Houstonians and people coast to coast.” LINK Staffing’s co-founder and CEO, Bill Pitts, is proud of what the company continues to accomplish. “We have many great employees, franchisees, and clients who have helped maintain essential services to the communities we serve. We will continue to be a strong force in our nation’s recovery,” says Pitts.

In July 2020, the company earned a coveted five-star spot on *Forbes’* list of America’s Best Temporary Staffing Firms of 2020. “This honor from a magazine as prestigious as *Forbes* is a true testament to the dedicated people of LINK Staffing, especially during a year as challenging as this one has been,” says Mujezinovic. “By maintaining our focus and adhering to our values, we will continue to find jobs for hard-working people and to serve our clients with the flexibility LINK Staffing is famous for. We are all in this together.”
